JOHIR RIHAN

Frontend Developer & Web Enthusiast

About Me

🎓 I'm a 23-year-old Bangladeshi, born and raised in the vibrant city of Dhaka, Bangladesh. I honed my web application and development skills, earning a Diploma from the esteemed Sheikh Hasina National Institute of Youth Development.

💻 With a passion for frontend development, I specialize in crafting immersive web experiences using tools like React.js, Tailwind CSS, HTML5, CSS3, JavaScript, jQuery, and Bootstrap 5. I pride myself on delivering clean code and pixel-perfect designs that bring ideas to life on the digital canvas.

🌐 Let's collaborate to create visually stunning and user-friendly websites that leave a lasting impression. Explore my work and let's build something incredible together!
